Description

After years of development Mardave have re introduced the VRX Hot Rod kit. This is a striped back National Ultron Hot Rod and aimed at getting more drivers into the class.

It Comes complete with lots of high spec fetures as listed below. This Back to basics aproach and should help the club racer to be competitive and then progress into the National Hot rod class.

This Kit is the only kit on the Market that is able to run in three classes. With its specially designed chassis can be used in Hot Rod/1300/2ltr saloons classes.
