Description

JM50FB Contact 50 shore Contact 1/12 Supastox/Mardave tyres come pre glued on Bearing (FB) and none Bearing rims (RN-FN)

****Choose from box standard 46mm diameter, or for a little extra, pre-trued to a more racy diameter! of your choice****

Supastox GT12 Circuit and Oval pre glued tyres line. Contact RC has put in a great deal of development time to provide the best tyre balance and traction.

Now include cool looking disks are glued by the customer on the external face of the wheel to protect the foam from the high rigors of oval racing.

the disk will help prevent tyre chunking on side impacts, they are included in all JM tyres.
