Description

All Parts: Hobbywing 1060

This ESC is specially designed for new beginners and intermediate modelers; it not only carries forward the outstanding quality of HOBBYWING products but simplifies the operation.

Applicable to All Weather Conditions

The waterproof and dust-proof design allows the QUICRUN WP-1060 Brushed to be used in all weather conditions without any issue of damage caused to the ESC from water or dust.

High Reliability & Durability

Reliable hardware combined with advanced software technology allows the QUICRUN WP 1060 Brushed to not only provide high power output but also overload protection of the ESC circuit.

Easy to Use

This ESC features auto throttle calibration and parameter setting via jump caps is easy-to-use, especially applicable to new beginners.

Wide Application

This ESC is designed for 1/10th scale touring cars, buggies, short-course trucks, monster trucks, trucks, crawlers and tanks.
